

SUBMARINE WAR TAKES ON NEW PHASE

[BY ATLANTIC CABLE AND A. P.]

LONDON, Jan. 10.—The submarine war has gradually taken on a new phase since the wintry weather set in. Submarines of the so-called cruiser type are now doing most of the sinkings, while the smaller submarines apparently are confining their work largely to mine laying.

The reason for this shifting of German technique is that small submarines are not good surface craft in stormy seas, while the cruiser type proved wonderfully seaworthy, being actually more manageable than the modern torpedo-boat destroyer in heavy weather.

These cruiser submarines carry two 5.9 guns and sixteen torpedoes and can remain at sea six weeks. The Germans have built a considerable number of these super-submarines since the first one visited American waters, but so many of them have been lost that there are now not more than seven or eight operating. These, however, are manned by the pick of the whole German navy, and their power for harm may be judged from the fact that these seven or eight vessels are able to keep up such a heavy toll of sinkings among Allied shipping.

A considerable proportion of the recent sinkings have been accomplished by gun fire. The cruiser submarine guns no longer are of the old type, which folded into the body of the craft when it submerged and had to be unfolded before a U-boat could get into action. The new guns are of a species known technically as wet guns, being constructed of material which sea water does not harm. They are mounted on stationary platforms. Therefore, they are always ready and can be fired the instant the deck of an emerging boat is above water.

An American torpedo-boat destroyer had an encounter with one of these submarine cruisers a few days ago. The German was engaged in sinking three armed merchantmen in a range of four miles and had fired about thirty shots when the American destroyer appeared on the horizon, attracted by the sound of the guns.

The destroyer opened fire at six miles with the wonderful naval guns. The U-boat, however, was lying with decks awash and, therefore, was a most difficult target, and as the American drew in toward her at full speed she submerged.

The Americans were unable to destroy the U-boat, but the destroyer escorted two of the three merchantmen safely to port, the third being rescued by the third, which already was sinking.

Southwest Ireland has been thrown into mourning during the last fortnight by the work of submarines, which have sunk two fishing boats, the crews of which were mainly Irishmen, seventy of whom perished. The catastrophe is called in Ireland "the first declaration of war by the Germans against Ireland," and has caused a great wave of indignation throughout the Emerald Isle. Ireland also is feeling the effects of the submarine warfare indirectly, owing to a coal famine, due to submarines sinking recently three boats bringing to Ireland coal for which she is entirely dependent upon England.

AUSTRIA SEES DEFEAT IF VIEWS OF WILSON PREVAIL IN EUROPE

[BY ATLANTIC CABLE AND A. P.]
MILWAUKEE, Jan. 10.—The Vienna newspapers, according to dispatches from that city, consider President Wilson's proposed peace conditions such as could only be imposed if the quadruple alliance were completely defeated.

The President's plan in declaring them unacceptable says: "President Wilson's message reveals clearer than Lloyd George's the intentions of our enemies to let Russia continue to bleed for the sake of the Entente."

The New York Times says: "President Wilson is superior even to Lloyd George in his capacity for understanding the nation. President Wilson interposes his fourteen points with proper principles in order to deceive the masses, who do not know the conditions of the Entente."

LONDON, Jan. 10.—The House of Commons today rejected Lord Loreburn's amendment to the representation of the people's bill, by which it was sought to exclude women from the franchise vote. The vote against the amendment was 134 to 69.

The debate showed one important convert to the women's cause in the Bishop of London. But Earl Loreburn, the Marquis of Lansdowne, and Lord Curzon were opposed to the amendment.

Baron Finlay and Earl Curzon strongly opposed placing the names of 6,000,000 women on the voting register. They argued that the present House of Commons, which had been elected by men, had no right to decide on a franchise for women.

Putting It Over

ISSUE OF THE BALLOT NOW BEFORE SENATE

Vote in Lower Branch so Close that a Recapitulation Demanded Shows 274 for and 136 Against

[BY A. P. NIGHT WIRE]
WASHINGTON, Jan. 10.—Women's suffrage by Federal constitutional amendment won in the House tonight with exactly the required number of affirmative votes.

While members in their seats and thronged in the galleries waited with eager interest, the House adopted by a vote of 274 to 136 a resolution providing for submission to the States of the so-called Susan B. Anthony amendment for national enfranchisement of women.

But for the promise of Speaker Clark to cast his vote from the chair for the resolution if it was needed, the change of a single vote in the opposition would have meant defeat. Republican Leader Mann, who came from a Baltimore hospital, where he has been under treatment ever since Congress convened, and Representative Sims of Tennessee, just out of a sick bed, and hardly able to walk to his seat, brought the vote which settled the issue.

The House hardly had adjourned before the suffrage champions began their fight for favorable action on the Senate side of the Capitol. Recent polls there have indicated that the necessary two-thirds vote could not be mustered, but encouraged by the House victory, and counting upon the influence of President Wilson, who came to their support last night, the suffragists hope to bring the Senate into line so as to have the amendment before the State Legislatures during the coming year. They feel sure at least of forcing a vote in the Senate before the present session ends.

Advocates of the amendment had been supremely confident of the result in the House, after President Wilson advised the members who called upon him last night to support it. They were so confident that the close vote was received with amazement, and some of the opponents were almost as much surprised.

When the first roll call was finished unofficial counts put the result in doubt, and before the Speaker could make an announcement there was a demand for a recapitulation. Then the name of each member and the way he was recorded was read.

WILD APPLAUSE.
"Announcement of the vote was greeted with wild applause. Women in the galleries literally fell upon each other's necks, kissing and embracing, and shouting, 'Glory, glory, Hallelujah!'"

Ten of California's Congressional delegation of eleven members voted directly for the resolution, while C. C. Curry of Sacramento and Miller of Washington, both favorable to the resolution, paired their votes with E. E. Holland of Virginia, opposed to the resolution.

The resolution as adopted follows: "Joint resolution proposing an amendment to the Constitution of the United States extending the right of suffrage to women. Resolved, by the Senate and House, etc., two-thirds of each house, concurring therein, that the following article be proposed to the legislatures of the several States an amendment to the Constitution of the United States, which when ratified by three-fourths of said legislatures, shall be valid as part of said Constitution, to-wit: 'Article 1, section 1: The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex. Section 2: Congress shall have power, by appropriate legislation, to enforce the provisions of this article.'"

AMENDMENTS BEATING.
Every attempt made to amend this language was beaten. Representative Gurd of Ohio tried unsuccessfully to put on it the name limitation created by the resolution for the prohibition constitutional amendment. It must be ratified by the States within seven years from the date of its submission. Representative Moore of Indiana sought to have a referendum or special convention in each State required. The Gurd amendment was rejected 159 to 346.

GAINED SIX POUNDS IN TWO WEEKS

In Debility Your Weight Is Really an Index of Your Condition and a Remedy That Restores Flesh Renews Health.

When you are ill and losing weight, failing in strength and growing pale and mallow day by day, it is an indication that you need more blood.

Whatever the cause, there can be no relief until the blood is built up so that it will carry renewed life and strength to every part of the body.

A remedy that arrests the decline in health and strength, that begins to restore the weakened muscles and strengthen the nerves demonstrates at once to the patient himself that the anemia is being overcome and that rich red blood is now helping him to fight off rheumatism, sciatica, lumbago and a number of other diseases to which the victim of this blood is liable.

E. S. Southwick, an employee of the public library at Woonsocket, R. I., had an experience that will help many others. "I was ill for several years," he says, "and was confined to bed, but so that I could hobble around. My blood was thin, I was troubled with rheumatism and I suffered a great deal with lame back. One day I read in the newspaper about Dr. Williams' Pink Pills and got a box from my druggist. I had taken but a short time when I saw that they were helping me. I gained six pounds in two weeks, my appetite became good once more and I cannot say too much in favor of this blood-building remedy."

Dr. Williams' Pink Pills for Pale People are a specific for this blood and any illness caused by a lack of blood will be benefited by a course of treatment with these tonic pills. They contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitation, color returns to cheeks and lips. Nothing more is needed except sunlight, good air, proper food and rest. If you do not know exactly what rules to follow in these matters write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for booklets on the blood and diet. Your own druggist sells Dr. Williams' Pink Pills.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If cross, feverish, constipated, give "California Syrup of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. For your child, now you found against taking them. With our children it's different. Mothers who cling to old form of medicine simply don't realize that they are the children's rebels. Well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing give only "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "dew" on hand; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that it cleanses gently today as it did when first introduced.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for use. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

FEW DROPS AND CORN LIFTS OUT

Says there is no excuse for cutting corns and inviting lockjaw.

Sore corns, hard corns, soft corns or any kind of a corn can harmlessly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at a small cost one can get a quart of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or medicine or the danger of infection. This simple drop, while sticky, dries the moment it is applied and it does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

WASHINGTON TELLS HOW FIGHTING MEN ARE PAID

December Pay Roll Amounted to More Than Seventy-eight Millions

(BY A. P. NIGHT WIRE)
WASHINGTON, Jan. 10.—Pay of the United States Army in December was approximately \$78,580,000, the Committee on Public Information announced today in the second of its series of statements on the pay of the army and navy and the operation of the war risk insurance bureau. This is at the rate of nearly \$1,000,000,000 a year.

The total does not include family allowances or compensation for disability of soldiers provided for in the insurance act and paid through the war risk bureau.

The intricate task of paying the officers and men of the army, made more difficult by the wide expansion of the service, is being accomplished, the committee's statement. To prevent failure to meet the monthly obligations for every man in the service, no matter where he may be located, liberal sums are furnished to the pay of their grade, exclusive of allowances ranging from \$24 a month for a second lieutenant to \$112 for a major-general, lieutenant-colonel and general received no increase for continuous service, but all officers receive an increase of 10 per cent. for each year of service.

All officers are entitled to be furnished public quarters, with fuel and light, but if these cannot be provided, the officers receive a cash allowance ranging from \$24 a month for a second lieutenant to \$112 for a major-general, lieutenant-colonel and general received no increase for continuous service, but all officers receive an increase of 10 per cent. for each year of service.

Men serving in France are paid in French currency or by United States checks, and the President's freedom of acts of Congress, officers and enlisted men receive certificates of merit and commendation of \$25 per month.

Both officers and enlisted men are retired at 75 per cent. of the pay of their grade, exclusive of allowances ranging from \$24 a month for a second lieutenant to \$112 for a major-general, lieutenant-colonel and general received no increase for continuous service, but all officers receive an increase of 10 per cent. for each year of service.

ENLISTED MEN'S PAY.
Service pay for enlisted men, including noncommissioned officers, ranging from \$12 to \$24 a month, is allowed for continuous service, and is paid in the Coast Artillery extra pay ranging from \$2 a month to \$12 a month for enlisted men.

It is claimed that at a small cost one can get a quart of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or medicine or the danger of infection. British Press Generally is Suited with Speech

(BY ATLANTIC CABLE AND A. P.)
PARIS, Jan. 10.—The passage in President Wilson's address to Congress relating to Abasco-Lorraine is applauded by all the Paris newspapers. The Paris press is generally in accord with the President's views on the freedom of the seas policy.

The Petit Parisien says: "It is the finest piece of political literature of our times. It lays down the basis upon which the world, after being rid of the perpetual menace of this war, may be reconstructed." L'Homme Libre, Premier Clemenceau's newspaper, says Mr. Wilson's thought is that of the whole American nation.

The Humanite, a Socialist newspaper, says President Wilson's speech is the starting point toward a final peace or the certain and final defeat of the Central Empires.

Alfred Capus writes in the Figaro that President Wilson, like Premier Clemenceau, has given a complete expression of the conditions essential to a stable peace which will make this war a great movement for civilization instead of only a monstrous sanguinary adventure.

LONDON VIEWPOINT.
THE ATLANTIC CABLE AND A. P. LONDON, Jan. 10.—It would have been difficult to frame a more moving or more sympathetic appeal to the best instincts at work whether among the Russian revolutionaries or the nonrevolutionary people in the Central Empire, but their answer will depend partly on what extent the appeal reaches them, says the Daily Chronicle in discussing President Wilson's message.

The paper mentions the fact that the speech of Premier Lloyd George was printed in the German newspapers with the phrases in which he showed harsh intentions toward the German people completely omitted, while the Bolshevik censorship has been exercised similarly against Premier Lloyd George.

It would be a tragedy if President Wilson's message were not sincerely and sympathetically received in Petrograd. The Chronicle thinks that the one point in President Wilson's message on which British opinion will give the most sympathetic response is the freedom of the seas.

The Daily News regards the President's address as consistent in every particular with the statement of the Entente countries, including that of the Russian delegates at Brest-Litovsk. The newspaper says that the Russian delegates have now stated their aims so plainly that neither the enemy nor friendly neutrals can mistake them.

THE NEWS SEES NOTHING OBJECTIONABLE with the reference to the freedom of the seas and says that the phrase, which has been invested with a wholly imaginary terror, would become meaningless with the establishment of a league of nations.

President Wilson and Count Cernin, the News believes that effective action will be taken to bring about a practical settlement of the differences on certain points, but "we appear at last to have reached the point where the enemy is broader than the ground of differences."

The Times introduces its comment on President Wilson's message with a summarized account of the sinking of the hospital ship Rowa and asks: "Is any peace thinkable with the authors and supporters of a system which sanctions such crimes as are coldly sanctioned as legitimate acts of war?"

When drawing a contrast between Germany and President Wilson's ideals and noting that many of the principles which President Wilson has adopted are those of Premier Lloyd George, the Times continues:

LONDON TIMES CRITICISM.
The chief criticism which causes thinkers among us to be disposed to dismiss President Wilson's statement is that in its lofty idealism it seems not to take sufficient account of certain hard realities of the situation. We should all rejoice to see such splendid vision as his, but actually clothed in flesh and blood.

"We are working toward it according to our lights, but some proposals which President Wilson put forward almost appear to assume that the reign of righteousness upon earth is already within reach. They are adapted admirably to such a system of international right as they presuppose, but they do not take account of the fact that the world is still very far from such a state of affairs."

It mentions freedom of the seas, prohibition of private international trade, and implies that such a league of nations as the President contemplates is a necessary precedent to the establishment of such a state.

MARK L. REQUA

REQUA TO CONTROL PETROLEUM SUPPLY

OAKLAND MAN IS APPOINTED TO IMPORTANT FEDERAL POSITION.

(BY A. P. NIGHT WIRE)
WASHINGTON, Jan. 10.—Mark L. Requa, of Oakland, Cal., was today appointed head of the newly formed oil division of the Fuel Administration, which will handle government control of oil. The first work will be an investigation of the entire petroleum situation.

The Fuel Administration, it is understood, has not decided yet how far it will go in controlling the oil. The food control bill, although it does not give authority to fix oil prices outright as in the case of coal and coke, empowers the government to institute a licensing system. It is probable that the subject of how far control will be exercised will be left largely in the hands of Mr. Requa, a mining engineer and an oil expert.

AUTHORITY ON OIL.
OAKLAND (Cal.) Jan. 10.—Mark L. Requa, millionaire mining engineer and real estate operator of Oakland, appointed today to take charge of the oil industry under government control, is an authority on the fuel situation of the Pacific Coast. He has written many treatises and articles on this subject. He has been interested at various times in several California oil companies. It was said at the office he maintains here, Mr. Requa was born in Nevada, but had spent most of his life in California.

DAMAGING LETTERS ON BOMB SUSPECT
SAN FRANCISCO POLICE FIND MISSIVE FROM ALLEGED RED TO CENTRONE

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Jan. 10.—A letter from Louis Parente, alleged head of the Italian L.W.W. in San Francisco, containing instructions as to how correspondence may be smuggled into the Chicago City Jail, has been found among the effects of Michael Centrone, held here in connection with the investigation relative to the assassination of Gov. Stephens' mansion. Federal authorities announced today. Many other letters derogatory to the government were also found.

Centrone is said to have admitted he was in Sacramento two days after Gov. Stephens received a letter threatening to blow up the executive mansion. Capitol building and other structures unless \$50,000 was paid immediately. The mysterious society known as the "C.C. of C."

Parents is in the Chicago City Jail awaiting trial with several other alleged L.W.W. leaders on the charge of attempting to hinder the prosecution of the war.

DISCUSS PROPOSED GAS RATE INCREASE
SAN FRANCISCO, Jan. 10.—Hearings on applications of the Pacific Gas and Electric Company for authority to increase its rates by approximately 13 1/2 per cent. in all districts except San Francisco, were held here today by the State Railroad Commission.

Affected districts include Marysville, Sacramento and San Jose. Increased cost of raw materials, wages and labor was given as the reason for the requested increase.

Government Plans to Issue Mammoth Stamp

American Allies Thrilled with Serious Campaign

Congress may Comply with Request to Conserve War

(BY A. P. NIGHT WIRE)
WASHINGTON, Jan. 10.—Approximate aggregations of approximately \$1,000,000, approved by the Red Cross War Council since its creation May 18 last, in its efforts to raise money for the relief of the war-stricken people of the world, are being expended, while collections from the \$100,000,000 war fund have been approximately \$7,000,000.

Official estimates that at least \$1,000,000 will be collected from the war fund subscriptions and \$7,000,000 of this fund will be expended for the relief of the war-stricken people of the world, are being expended, while collections from the \$100,000,000 war fund have been approximately \$7,000,000.

From this sum must be deducted about \$1,000,000 for the relief of the war-stricken people of the world, are being expended, while collections from the \$100,000,000 war fund have been approximately \$7,000,000.

After certain deductions are made from appropriations already made, there will be available for further appropriations an estimated sum of about \$2,000,000. This sum will be expended for the relief of the war-stricken people of the world, are being expended, while collections from the \$100,000,000 war fund have been approximately \$7,000,000.

BANDIT KNOCKS DOWN AND ROBS A WOMAN

After hitting her on the head and stunning her, a bandit, whom she did not see, robbed a woman, Mrs. R. H. Hoag of Elendale and Twenty-ninth streets in front of her home.

When she had regained consciousness, Mrs. Hoag found that she had been robbed of two rings, a set of pearls and a purse. She notified the University Police Station, who detailed officers to the case.

A Woman's Burden

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weakness, delicate derangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she's overworked, nervous, or "run-down," she finds new life and strength. It's a powerful invigorating tonic and nerve which was discovered and used by an eminent physician for many years. In all cases of "female complaints" and weakness. For young girls just entering womanhood; for women at the critical "change of life"; in bearing down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper.

If not obtainable at dealers send 10 cents to Doctor Pierce, Invalide Hotel, and Surgical Institute, Buffalo, N. Y., and he will mail trial package of the tablets.

Los Angeles (Cal.)—"I suffered from nervous prostration for several years, trying various remedies furnished by the doctor. At last I tried Doctor Pierce's Favorite Prescription, and after taking a few boxes, my recovery was prompt and permanent. I cheerfully recommend Dr. Pierce's Medicine."

REFERENDUM PETITION HALTS
THE PROHIBITION
ORDINANCE

Weather the United States War and Navy Departments and the forces co-operating to remove the mines and ordnance from the harbor and ordnance at the harbor will remain idle, remains to be seen. Congressman Cleveland is authority for the statement that he and his associates in the House are opposing the adoption of an entire new "home-dry" ordinance, which he said could be done legally.

Still another move may be attempted by the House Police Committee, which is said to possess the authority as an emergency measure to revoke the permit of every liquor licensee holder at the har-
